

“Living in the End Times”

We are living in some crazy and confusing times. It make you wonder, “Could this be the End?” Over these eight weeks we’ll look at various books of the New Testament to see what they have to say about the End Times.

This is a survey course, designed to be more broad than deep. I want us to find out what Jesus and the Apostles tell us about the End Times. Please bring your Bible. There is no book or workbook, though at each class I will hand out the next week’s lessons. Please read the lesson through 2-3 times and come prepared to discuss. I will plan to teach about 30 minutes of material, leaving the rest of the time for your questions and our discussion.
