

St John Lutheran Charity Wild Game Dinner

Sponsorship Advertising Information Sheet

Ad sponsorship is an important part of helping us support our charitable community. The following provides information about the advertising in the Charity Wild Game Dinner Magazine. Because of the success of the Charity Wild Game Dinner we have moved to a larger facility and expect approximately 1,000 people to join us for the event.

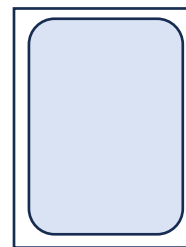

Graphical Image Requirements

Please supply the artwork for your ad. It should have a resolution of 300dpi at the minimum size of the ad that they are purchasing. For instance, if you are buying a full page, the artwork should be 300dpi at the 8"x10" size, or for equivalent ad space size. Unfortunately, enlargement of an image causes degradation and a loss of quality, so the file should be submitted at the requested size. Files should be submitted as a .pdf, a .jpg, or .eps file.

Full Page Ad - Back Cover

The back cover is the most prominent placement in the magazine and your ad will receive the most views.

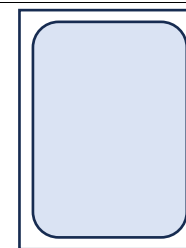

It is important to note that this space will be sold on a first come basis.
